

LECTURER: AP DR. HASLINDA SAN
SEM: FEB 2026

CLO3: Explain the regulations surrounding professional ethics, opportunities and challenges faced by IT professionals, and top required IT skills to be successful in IT field.

Description:

Duration: 15 Apr – 20 May 2026

Type: Group of 3 to 4 people

Presentation Slot: 20 May 2026

Submission Type: eKlas (digital)

Deliverable:

1. Conference-style paper
2. Final Report
3. Presentation Slides

Attachment:

Cover Template

Assessment Rubric

FINAL PROJECT

SPECIAL TOPIC: MIS

Project Overview:

This project consists of **TWO CONNECTED PARTS:**

- **Part A: Mini Research Study** (already introduced earlier)

By completing Part A, you will be able to:

- Identify IS problems
- Conduct small-scale research
- Analyze and interpret data
- Relate findings to theory

- **Part B: Continuation Project** (enhanced analysis for CLO3 achievement)

⚠ Important: Part B **MUST** be based on Part A.
You are **NOT** allowed to change your topic.

PART A

MINI RESEARCH ACTIVITY (FOUNDATION)

You are required to produce a conference-style mini research paper based on a current issue in Information Systems (as in Class Activity).

This task integrates:

- Theory
- Real data (small-scale study)
- Basic analysis

 Research Areas (Choose ONE)

You must select **ONE** topic area:

1. E-Wallet & Digital Payment Behavior
2. AI Usage in Academic Decision-Making
3. Data Privacy Awareness
4. Cybersecurity Behavior & Digital Safety
5. Mobile Commerce Behavior
6. Social Media & Information Risk
7. Academic Information Systems & Student Experience
8. Digital Wellbeing & Technology Overuse

 Important Guidelines

- ✓ This is a continuation project (Part A → Part B)
- ✓ Use the SAME topic and dataset
- ✓ Follow ethical research practices
- ✓ Submit via Turnitin
- ✓ Plagiarism is strictly prohibited

 Data Collection Requirement

You must conduct **ONE** method:

- Survey (≥30 respondents recommended)
- Interview (4–7 participants)
- Observation / case study / document analysis

- ✓ Primary data is compulsory
- ✓ Ethical practices must be followed

 Paper Structure (Conference Style)

Word Count: 3,000 – 3,500 words

1. Title
2. Abstract (150–200 words)
3. Introduction
4. Literature Review (≥10 recent sources)
5. Methodology
6. Findings & Discussion
7. Implications
8. Conclusion & Limitations
9. References (APA 7th)

- ✓ Include instrument in Appendix

PART B**CONTINUATION PROJECT (CORE – CLO FOCUS)** **Objective**

This part extends your mini research into professional-level analysis by focusing on:

- Ethical regulations in IT
- Industry challenges & opportunities
- Required IT skills

-  **CLO Alignment:** Explain the regulations surrounding professional ethics, opportunities and challenges faced by IT professionals, and top required IT skills (A4)

 PROJECT TASK

You are required to:

1. Enhance Your Existing Research

Improve:

- Problem statement
- Literature review (add newer sources)
- Findings (clearer explanation & visuals)

2. Add New Section (Compulsory)

Section: Professional Insight Analysis

This is the MOST IMPORTANT part of the project.

A. Professional Ethics & Regulations

You must:

- Identify relevant ethical issues and laws
- (e.g., PDPA, AI ethics, cybersecurity policies)
- Explain their relevance to your research topic
- Discuss risks or issues identified from your findings

B. IT Opportunities & Challenges

You must analyze:

- Opportunities in the IT field
- Challenges faced by IT professionals

✓ Must link:

- Your findings
- Literature

C. Required IT Skills

You must identify:

- Technical skills (e.g., AI, cybersecurity, data analytics)
- Soft skills (e.g., critical thinking, ethics awareness)

✓ Must be justified using:

- Your research findings

D. Reflection

You must explain:

- What you learned from this project
- How it prepares you for your IT career

FINAL DELIVERABLES**1. Final Report (Enhanced Paper)**

Word Count: 3,000 – 3,500 words

Structure:

1. Title
2. Abstract
3. Introduction
4. Literature Review
5. Methodology
6. Findings & Discussion
7. Professional Insight Analysis
8. Implications
9. Conclusion
10. References
11. Appendix

2. Presentation

10–15 minutes

Include:

- Key findings
- Ethics, Challenges, Skills

FINAL PROJECT

Received Date :
Submission Due Date : 20 MAY 2026 (WEDNESDAY)
Lecturer : AP DR. HASLINDA SUTAN AHMAD NAWI
Weightage : 40%
Semester : FEB 2026

Instructions to students:

- This is a GROUP assignment.
- Complete this cover sheet and attach it to your project document (*first page*).

Student declaration:

I declare that:

- This project report is my/our own work
- I/we understand what is meant by plagiarism
- My lecturer has the right to deduct my marks in case of:
- Late submission
- Any plagiarism found in my assignment.

ASSESSMENT RUBRICS (PROJECT)

CLO: Explain the regulations surrounding professional ethics, opportunities and challenges faced by IT professionals, and top required IT skills to be successful in IT field. (A4, PLO11)

COMPONENTS of CRITERIA/ WEIGHTAGE (%)	CRITERIA/ WEIGHTAGE (%)	LEVELS of ACHIEVEMENTS/ DESCRIPTORS					TOTAL SCORE
		EXCELLENT 4	GOOD 3	ACCEPTABLE 2	NEED IMPROVEMENT 1	NOT ATTEMPTED 0	MARKS
Content (40%)	Conference- Style Academic Paper (10%)	- Includes all required sections (Title–Conclusion–References) with complete content. - Uses ≥10 recent academic sources (last 5 years) with correct APA 7th in-text and references. - Each section aligns clearly with research objectives and scope.	- Includes most required sections with minor omissions. - Uses ≥8 academic sources with mostly correct APA format. - Sections align with objectives but some lack depth.	- Includes basic sections but ≥2 sections incomplete/missing. - Uses ≥5 sources with inconsistent APA format. - Partial alignment with research objectives.	- Includes limited sections with major omissions. - Uses <5 sources or incorrect referencing style. - Content does not align with objectives.	No submission or not in conference format.	
	Explanation of Professional Ethics & Regulations (10%)	- Identifies ≥2 relevant regulations and explains purpose clearly. - Links regulations directly to findings with specific examples. - Explains ethical risks and implications for IT professionals.	- Identifies ≥2 regulations with correct explanation. - Links to topic with at least one example. - Mentions ethical implications.	- Identifies 1 regulation with basic explanation. - Provides general link to topic. - Mentions ethics without clear implications.	- Incorrect or unclear explanation of regulation. - No clear link to topic. - No explanation of implications.	No attempt.	

	Analysis of IT Opportunities & Challenges (10%)	➤ Identifies ≥2 opportunities and ≥2 challenges. ➤ Explains using findings and literature. ➤ Shows cause–effect relationship to industry.	➤ Identifies ≥2 opportunities and ≥2 challenges. ➤ Provides explanation with some evidence. ➤ Shows general industry link.	➤ Identifies 1 opportunity and 1 challenge. ➤ Limited explanation. ➤ Weak connection to findings.	➤ Lists without explanation. ➤ No link to findings or literature. ➤ Statements unclear.	➤ No attempt.	
	Identification of Required IT Skills (10%)	➤ Identifies ≥3 technical and ≥3 soft skills. ➤ Justifies using findings and literature. ➤ Explains how skills address challenges.	➤ Identifies ≥2 technical and ≥2 soft skills. ➤ Provides some justification. ➤ Explains general relevance.	➤ Identifies 1 technical and 1 soft skill. ➤ Limited justification. ➤ Weak link to findings.	➤ Lists skills without explanation. ➤ Skills not related to topic. ➤ No justification.	➤ No attempt.	
Process (35%)	Academic Writing Process & Source Integration (10%)	➤ Paraphrases ≥8 sources correctly with proper citation. ➤ Integrates sources into arguments (not listed separately). ➤ No plagiarism detected (Turnitin acceptable level).	➤ Paraphrases ≥6 sources with minor citation errors. ➤ Integrates most sources into discussion. ➤ Minor similarity issues.	➤ Uses ≥4 sources with limited paraphrasing. ➤ Sources sometimes listed without integration. ➤ Moderate similarity issues.	➤ Copies text without proper paraphrasing. ➤ Poor or missing citations. ➤ High similarity detected.	➤ No sources used.	
	Use of Research Findings to Support Analysis (10%)	➤ Uses ≥3 specific findings to support arguments. ➤ Integrates findings across all sections. ➤ Shows clear data-to-conclusion linkage.	➤ Uses ≥2 findings. ➤ Links to most sections. ➤ Shows general connection.	➤ Uses 1 finding with limited integration. ➤ Links to one section only. ➤ Weak connection.	➤ Mentions findings without explanation. ➤ No integration. ➤ Unsupported conclusions.	➤ No attempt.	

	Critical Thinking & Analysis (A4 Level) (15%)	➤ Compares findings with literature (similarities/differences). ➤ Explains patterns using logical reasoning. ➤ Draws conclusions beyond description.	➤ Compares findings with some explanation. ➤ Provides reasoning for most points. ➤ Conclusions are clear but limited.	➤ Describes findings and literature separately. ➤ Limited reasoning. ➤ Basic conclusions.	➤ Lists findings without analysis. ➤ No comparison. ➤ Unclear conclusions.	➤ No attempt.	
Product (25%)	Presentation of Conference Paper (Formatting & Visual Quality) (5%)	➤ Follows consistent academic formatting (headings, spacing, font). ➤ Tables/figures labeled and referenced correctly. ➤ Document is clean, readable, and professionally presented.	➤ Mostly consistent formatting with minor issues. ➤ Tables/figures included but minor labeling errors. ➤ Document is readable.	➤ Inconsistent formatting across sections. ➤ Tables/figures unclear or not referenced. ➤ Readability is affected.	➤ Poor formatting and layout. ➤ Missing or incorrect tables/figures. ➤ Difficult to read.	➤ No formatting applied.	
	Clarity and Organization of Professional Insight Section (10%)	➤ Includes all required parts (ethics, challenges, skills, reflection). ➤ Logical flow with clear headings. ➤ Each paragraph presents one idea with explanation.	➤ Includes most parts. ➤ Generally organized. ➤ Most paragraphs are clear.	➤ Includes some parts. ➤ Organization inconsistent. ➤ Ideas not clearly structured.	➤ Incomplete and disorganized. ➤ Ideas unclear or mixed. ➤ No paragraph structure.	➤ No submission.	
	Reflection on Learning and Career Relevance (10%)	➤ Explains ≥2 lessons learned clearly. ➤ Links learning to IT career with specific examples. ➤ Explains how knowledge/skills will be applied.	➤ Explains 1 lesson learned. ➤ General link to career. ➤ Limited application explanation.	➤ States general learning. ➤ Weak career link. ➤ No clear application.	➤ Unclear or unrelated reflection. ➤ No career link. ➤ Incomplete statements.	➤ No reflection.
